## THE CALIBAN STRANGE VARIETY

The Caliban Strange variety is a comedy brand, coming out of the city of Kitchener, Ontario, Canada. It is original sketch comedy. They are part of a comedy accelerator on CBC, called ComedyCoup, and a chance at a development deal worth 500k.

Caliban has been described as a clown, like Red Skelton, in the classic sense. He writes and performs his work. He has a sock puppet, called Mr. Mouton, and a deaf muted scarecrow puppet, to introduce you to a few characters.

To give you insight, into the brilliant mind, of Caliban Strange, they offer membership into the inner circle, called The Caliban Club. It is where members receive a hat that has a radio attached and receives a broadcast only members are allowed to hear. The hats are sold, before the show for \$6.99. Then, they broadcast before the show, and offers ads, contests, and an ongoing insight and bio of Caliban Strange, and the shows.

Caliban Strange is the lead character and wears a red wig. No one has seen him without his wig. LOL! He goes everywhere wearing it. That is the ongoing joke. The question is not who is he? But what??!...He is, well, he is funny!!

He is no slouch and newcomer to CBC. He was part of season 2 of the Dragons' Den, where he introduced his comic genius to the Dragons' and pitched the Solar Powered Rock, which he later sold as a movie to Movieola.
